

K-Love is a vital part of my life and my communities life. It ministers to people who might otherwise not be able to hear the word of God. In my own personal life it helps me get through the day to day grind . My kids love listening to it also. I can't imagine not having the wholesome values and safe music to listen to that K-Love gives to the people who want and need it most.

K-Love provides family friendly, wholesome music and programming for the community. It is vital in todays times that we have somewhere we can turn to to get away from the violence and sexual content that mainstream media forces upon our families.

I believe K-Love's service is vital to the public interest because it provides family friendly programming and brings God to people who are seeking His peace. The people pay to keep this station on the air and the people should be allowed to continue to listen to its programming. Thank you for your time and consideration.
